FOREWORD

The Annual Staff has tried to show the new look at Central - the new classrooms, new restrooms, new walks (covered and uncovered), the new front, not to mention new teachers. It was with some nostalgia that we saw the old shrubbery being dug up and discarded, and the front campus, long a gathering place for couples on warm days, being turned into a parking lot! We have watched with interest the agriculture boys, under the supervision of Mr. Spillers, with the help of Lynn, do the almost impossible task of turning the rough, lumpy front area into a lawn! These and many other school activities have been pictured in our yearbook that in the days to come we can refresh our memory by turning these pages. We hope it will be a record of this year that each will cherish forever.

The Staff would also like to express our appreciation for the co-operation and patience shown by the faculty, and the loyalty of the student body which has made our task an enjoyable one.

DEDICATION

The Staff of '62 dedicate this book to our calm, cool coach - Bill Terry. We like the emphasis he places on sportsmanship, fair play, and on a good, hard-fought game. We are proud of his record as a coach and, above all, we admire the standard he sets for his boys.

The Annual Staff, students, and faculty recognize the tremendous amount of work necessary to operate successfully a school the size of Central. Mr. Brewer and Mr. Lewis, working together, have moved Central forward. We will remember 1961-62 as the year Central had its face lifted and assumed the new look. We express our appreciation.

SENIORS

The high point of the year -
graduation day - has finally arrived
with all the hurry, bustle, worry,
and work it entails. Now, in remi-
niscence, the days spent in working,
playing, and planning together seem
all too short. It is with a touch of
sadness that each turns to new goals,
leaving behind the school where he
received inspiration, guidance, and
the foundation for a richer more use-
ful life.

CLASS PROPHECY

It was vacation time again. I was looking at a map of the United States trying to plan my vacation. Suddenly I had an idea. I would go to the place where most of my old classmates were. This is where I thought the seniors of 1962 would be in 1972.

Many of them would still be in Florence or close by. Janet Comer is now slaving for the interns at ECM Hospital. Ricky Murphy is there also. He is recovering from a compound fracture he received while trying to kick off a water ski. Biddy Broadfoot is the OWL Weather Girl on WOWL TV. Dottie Brown is the veterinarian at the Florence Humane Society. David Balentine is still loafing on Court Street. Louis Wallace is watching him from a window of his apartment house in the old location of Kent's Dollar Store. Court Street is being carefully guarded by Sue Cook who is a motorcycle cop. Jerry Dean is still around and he is a confirmed old bachelor because he couldn't make up his mind. O'Neal Erwin is married and living at Waterloo with his wife and seven children. Florence has a new reducing salon operated by Pat Jordan. Mary Mitchell is a chiropractor at the Florence Clinic. The roller coaster at the North Alabama State Fair is now operated by Eugene Givens. Leslie Richard is running a dance studio. His best pupil is Johnny Scott. Nathan Roberson has flat feet so he was turned down by the Navy. The Florence Fire Department is now run by its chief, Ralph Statom. Mary Witt has a diaper cleaning service in the back of her father's barber shop. Kay Statom is still around and still confused. She is chasing David and running from Bruce. Penny Purser Bevis is going back to work at Grants because Fred has been laid off. Brenda Robinson DeLano is taking care of Sonny's watermelon patch while he is selling insurance. The new receptionist at Holiday Inn is Carolyn Montgomery. Jerry Smith is too old to handle a motorcycle. He is riding up and down Court Street on his mo-ped. Helen Williams is recovering from an accident on Jerry's mo-ped. Ann Robinson is working as a clerk at the General Dollar Store. Jerry Kelso has just joined the Muscle Fleet on the Tennessee River. Muscle Shoals has a new drag strip. It is owned and operated by Dorrie Staggs.

There are a few still at Central. Betty Angel is the private secretary to the principal at Central. Mrs. Koonce is not teaching business at Central any more; Ann Bogus has taken her place. Connie Crews is the new art instructor at Central. The Central football games have a regular attender. It is Mae Haddock watching Bob, Jr. Sue Lovelace is now training her own little cheerleaders. She has five of them. Glenda Olive is still taking up lunch money in the school cafeteria.

Emma Jean Jackson and her husband are running "Garner's Farm" in Zip City. Billy Grigsby is the football coach at Zip City. The Cloverdale General Store is run by its owner, Larry Haataja. The last time I saw Patsy Wilkes, she was cleaning my windshield as Jerry put gas in my car. Their gas station is at Underwood. Virgie Overton and Harry are living at Petersville and teaching Harry, Jr., to play baseball.

Diana Stutts is now the check-out clerk at McGuire's General store in Petersville. The manager of the Collinwood Theater is Doris Creasy. Elaine Lovelace and Robert Fulmer are in Montgomery; Robert is governor, and Elaine is his private secretary.

Several of my former classmates have gone to Huntsville. Bob Fowlkes is waiting to be put into orbit by a Redstone rocket. Jimmie Johnson is a mathematician at Redstone Arsenal. Grant Wilkes is the head engineer at the arsenal.

Hollywood has welcomed some of the seniors of 1962. Kathy Bradford has just signed a new contract with Warner Brothers. Lola Balentine is the cartoonist for Walt Disney. Edward Gambrell is now a photographer looking for the most photogenic girl in Hollywood. Paramount Studios have an experienced stage hand. He is Carl Creasy.

That Florida weather appealed to some of my classmates. In any weather, you will find Norman Hall on Miami Beach chasing girls. Jonnie Deisch is manager of his own pawn shop at Fort Lauderdale. There is a garage down in Florida called "Charlie Brown's." It is run by Louis Brown. Bruce Chesser is now married to a very distinguished eighty year old millionairess.

New York City has been invaded by many of these former seniors. C. O. Haddock, who has just won the Mr. America title, is in New York for a special show on TV. Jimmy Kilburn is there also. He is the president of Delta Airlines. Donald Heupel and his Ramrods have just received their first gold record. Joe Lyle is the MC on "The Price is Right." Rose Bevis is a very successful model. Jewel Dixon is in New York on a tour. She is the winner of the National Sewing Contest. Lawrence Smith is there too. He is a star player for the New York Nickerbockers. Deloris Massengale is now the staff nurse for Ben Casey. Faye Mansell is a model for Massey's Department Store in New York. Helen Luttrell finally got "Skipper" back from Georgia and married him. They are living in the Hilton Hotel. Pat Lindsey is there too. She and Jerry are living in luxury at the Conrad-Hilton. Margie Parker's novel has just won the Nobel Prize. Faye Pigg is the editor of THE NEW YORK TIMES. Sandra Patterson is a star on the Red Skelton show. John Jones has taken over Robert Horton's place on "Wagon Train."

Some have gone to Washington. Sandra Smith is working as a spy for the F.B.I. Brenda Dhority is hair stylist for Caroline Kennedy.

The others have gone to various places. Claudia Horton is the secretary for Ford Motor Company in Detroit. Clayton Hayes is around somewhere. He is working for the State Highway Department. Mac Erwin is a tractor driver on Ray Balentine's ranch in Arizona. Dwight Brown is the foreman of a 1,000 ranch in Texas. Billy Darby is an Admiral on the wackiest ship in the Navy. Jean Cannon is singing at "The Club" in Birmingham. Glenda Butler is a bookkeeper for Richardson's service station in Hawaii. Paula Artis is married and living in Alaska with her six children. Carl Irons is now doing K.P. duty at Fort Jackson. Nobody knows where Neal Lovelace is. I suppose he is just hoboing around the country. The Baltimore Colts have a new quarterback. He is Wayne Mitchell. Susan Darby is the instructor of P.E. at Auburn University. Patricia Haddock is graduating from Co-ed college in Arizona. Garland Parker is a half-time loafer and a full-time do nothing.

It looks like most of the seniors of 1962 are still here in Florence. So I will just stay here. I couldn't really afford that vacation anyway.

SPORTS

Sports play an important part in school life at Central. Under the able guidance of Coach Guyton and Coach Armstrong, football had a hard season with large and enthusiastic crowds.

Basketball, always thrilling and exciting, provided more thrills than most of us could take. This has been a year to remember, a year to give our cool, calm Coach Terry ulcers. Will we ever forget our close race for Tuscaloosa?

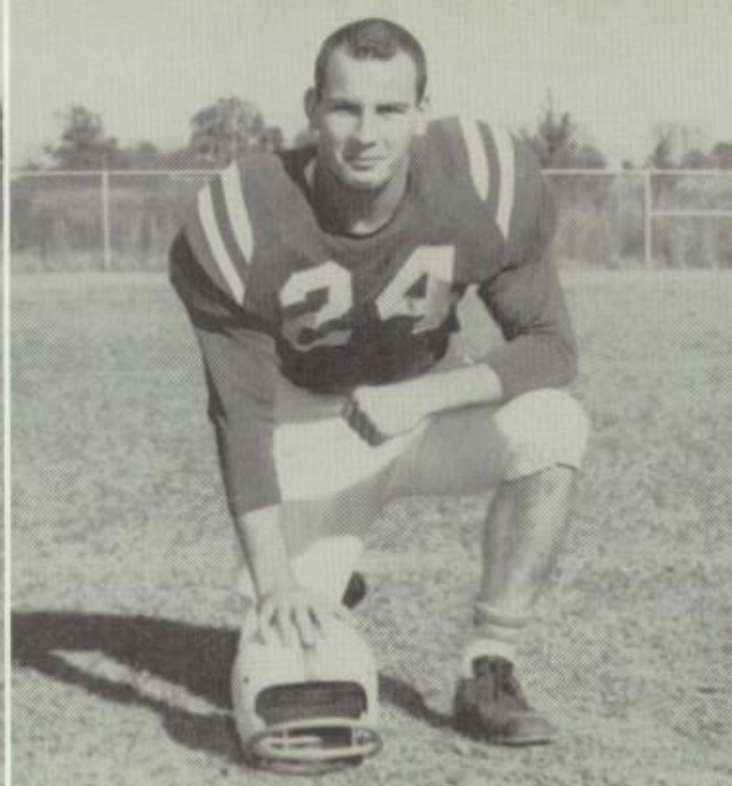

Baseball, under the guidance of Coach Armstrong, rounded out the year of sports with plenty of excitement to satisfy even our most critical baseball fans.

The part the Pep Squad and Cheerleaders played at all our games deserves a tribute.

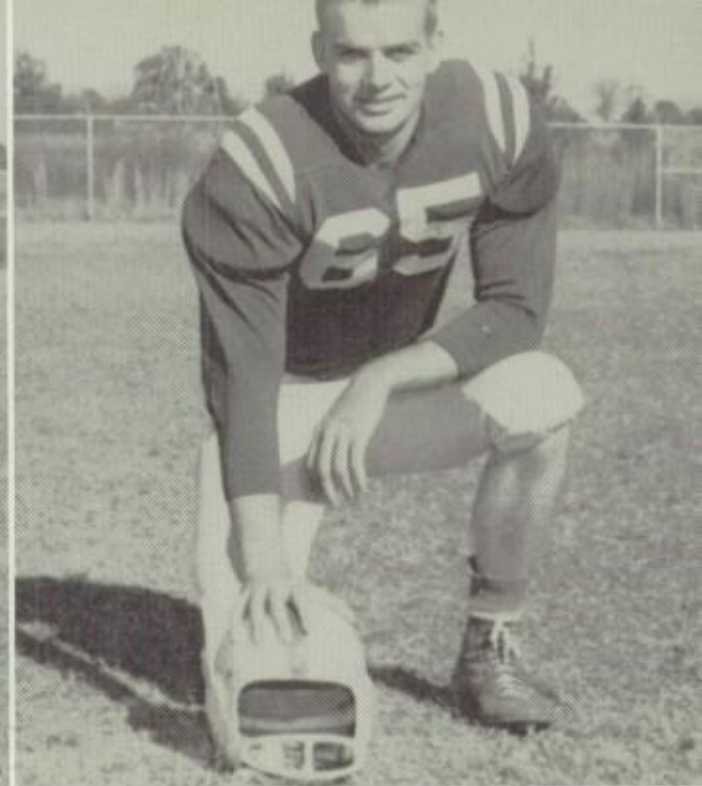

We, the sports editors, look back with satisfaction and pride on the records established by our teams.

CONCENTRATION makes it possible for a student to become an accurate and speedy typist.

The duplication work played an important role in our daily announcements, especially since our public address system was not connected.
